- The committee verified the accuracy of the Existing Land Use Data in support of the Burnett County comprehensive plan update. After review, the committee agreed that there were some parcels classified inappropriately and changes were submitted for the Burnett County Comprehensive Plan to review.
- The committee reviewed the Future Land Use Map & Future Land Use Classifications. A unanimous decision was made to change those classified as Residential-Recreation on the future land use map to A-2 (Agricultural-Residential District). This change coincides with the town board's vision for 10 acre minimum lot sizes as well as giving land owners more flexibility and permissions for farming and related activities.
